## HOBBIES AND INTERESTS

Engaging in hobbies can bring immense joy and fulfillment to our lives. Photography allows us to freeze moments in time, capturing the beauty and essence of the world around us. Cooking or baking not only nourishes our bodies but also provides a creative outlet as we experiment with flavors and techniques. Gardening connects us with nature as we nurture plants and watch them thrive, whether they're vibrant flowers or nourishing vegetables. Expressing our creativity through painting or drawing can be incredibly therapeutic, allowing us to translate emotions and ideas onto canvas or paper. Hiking or nature walking offers a chance to escape the hustle and bustle of everyday life, immersing ourselves in the tranquility of the outdoors and reaping the benefits of physical activity.
